EUROPEAN LANDSCAPE CONVENTION
Florence Convention

EIGHTH COUNCIL OF EUROPE MEETING
OF THE WORKSHOPS FOR THE IMPLEMENTATION OF
THE EUROPEAN LANDSCAPE CONVENTION

Being held in association with the Swedish EU presidency in autumn 2009

PROGRAMME

Landscape and driving forces

Malmö/Alnarp, Sweden, 8 – 9 October 2009
Swedish University of Agricultural Sciences

Study visit, 10 October 2009

Photo: Sven-Erik Svensson

Document by the Cultural Heritage, Landscape and Spatial Planning Division of the Council of Europe
The meeting is organised by the Council of Europe, Cultural Heritage, Landscape and Spatial Planning Division, Directorate of Culture and Cultural and Natural Heritage in cooperation with the Swedish National Heritage Board and in partnership with:

- **Region Skåne**
- **City of Malmö**
- **Municipality of Lomma**

- **Swedish Environmental Protection Agency**
- **Swedish University of Agricultural Sciences**

- **Environmental Objectives Council**
- **Federation of Swedish Farmers**

- **Swedish Road Administration**
- **National Board of Housing, Building and Planning**

- **Swedish Board of Agriculture**
- **Swedish Forest Agency**

**Introduction**
The European Landscape Convention was adopted in Florence (Italy) on 20 October 2000 and came into force on 1 March 2004, with the aim of promoting European landscape protection, management and planning and organising European co-operation in this area. The Convention is the first international treaty to be exclusively concerned with all aspects of European landscape. It applies to the entire territory of the Parties and covers natural, rural, urban and peri-urban areas. It concerns landscapes that might be considered outstanding as well as everyday or blighted landscapes.

The Convention represents an important contribution to the implementation of the Council of Europe’s objectives, namely to promote democracy, human rights and the rule of law and to seek common solutions to the main problems facing European society today. By taking into account landscape, cultural and natural values, the Council of Europe seeks to protect the quality of life and well-being for all.

As of 1st October 2009, 30 out of 47 member states of the Council of Europe had ratified the Convention: Armenia, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Finland, France, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Moldova, Montenegro, Netherlands, Norway, Poland, Portugal, Romania, San Marino, Slovak Republic, Slovenia, Spain, “the former Yugoslav Republic of Macedonia”, Turkey, Ukraine, United Kingdom. Six states had signed but not ratified it: Azerbaijan, Greece, Malta, Serbia, Sweden and Switzerland.

Organised by the Council of Europe on a regular basis since 2002, the meetings of the Workshops for the implementation of the European Landscape Convention take a detailed look at the implementation of the Convention. Special emphasis is given to the experiences of the state hosting the meeting. A genuine forum for sharing practice and ideas, the meetings are also an opportunity to present new concepts and achievements in connection with the Convention. The proceedings of the workshops are regularly published in the Council of Europe’s “Spatial Planning and Landscape” series. The following meetings of the Council of Europe Workshops for the implementation of the European Landscape Convention have been held so far.

- 23-24 May 2002, Strasbourg: “Landscape policies: contribution to the well-being of European citizens and to sustainable development (social, economic, cultural and ecological approaches); Landscape identification, evaluation and quality objectives, using cultural and natural resources; Awareness-raising, training and education; Innovative tools for the protection, management and planning of landscape”;
- 27-28 November 2003, Strasbourg: “Integration of landscapes in international policies and programmes and transfrontier landscapes; Landscapes and individual and social well-being; Spatial planning and landscape”;
- 16-17 June 2005, Cork (Ireland): “Landscapes for urban, suburban and peri-urban areas”;
- 11-12 May 2006, Ljubljana ( Slovenia): “Landscape and society”;
- 28-29 September 2006, Girona (Spain): “Landscape quality objectives: from theory to practice”;
- 20-21 September 2007, Sibiu (Romania): “Landscape and rural heritage”;
- 24-25 April 2008, Piestany (Slovakia) “Landscape in planning policies and governance: towards integrated spatial management”;
- 8-9 October 2009, Malmö (Sweden), “Landscape and driving forces”.

Organisers

The Council of Europe (www.coe.int/europeanlandscapeconvention) wishes to thank the Swedish National Heritage Board (www.raa.se) and the following organisers for their co-operation and support in hosting the Workshops and related events: Region Skåne (www.skane.se), City of Malmö (www.malmo.se), Municipality of Lomma (www.lomma.se), Swedish University of Agricultural Sciences (www.slu.se), Federation of Swedish Farmers (www.lrf.se), Swedish Environmental Protection Agency (www.naturvardsverket.se), Swedish Road Administration (www.vv.se), National Board of Housing, Building and Planning (www.boverket.se), Swedish Board of Agriculture (www.sjv.se), Environmental Objectives Council (www.miljomal.nu), Swedish Forest Agency
The aim of the Meeting of the Workshops

In order to achieve strong, forward looking policies, strategies and effective measures for landscape governance, there is a need to explore and to understand the forces of landscape transformation. These issues are highly relevant to the implementation of the entire European Landscape Convention and especially to the implementation of articles 5d and 6A and 6C (section 1a i, ii).

Article 5d: “each party undertakes to integrate landscape into its regional and town planning policies and in its cultural, environmental, agricultural, social and economic policies, as well as in any other policies with possible direct or indirect impact on landscape”;

Article 6: “Each Party undertakes to increase awareness among the civil society, private organisations, and public authorities of the value of landscapes, their role and changes to them”, “With the active participation of the interested parties, as stipulated in Article 5.c, and with a view to improving knowledge of its landscapes, each Party undertakes: to identify its own landscapes throughout its territory; to analyse their characteristics and the forces and pressures transforming them”.

The chosen theme of the Meeting, “Landscape and driving forces”, provides a framework to jointly discuss current developments in the field of climate changes, globalisation of spaces, social transformations, shifts in production systems, consumption patterns as well as their meaning and impact on landscape in an international context. The resulting transformation of landscape lays out a new field of activity for designing adequate policies and measures. The structure of the meeting aims to combine and exchange insights, perspectives, practical and theoretical approaches from the European, national, regional and local levels.

The Meeting will focus on a range of burning issues facing Europe in the next decades in order to relate these to landscape governance. This includes such challenges as the introduction of new energy systems and energy saving measures, as well as the possibility of energy shortages, demographic transformations and the rise of global prices for food, land and raw material. Another topic worthy of discussion is the question of how ecological values and quality norms can be reconciled with free market developments.

The Meeting will provide an opportunity to share experiences by examining both good and bad practices in the integrated approach to landscape and its governance. It will try to strengthen the landscape’s agenda among the key players and stakeholders involving landscape’s protection, management and planning. Last but not least, the workshops will be an opportunity to present Swedish practices and approaches to international landscape’s specialists as well as to encourage the national Swedish public debate on the impact of “driving forces” on the Swedish landscape.

All information needed about the Meeting, hotels, transport to and from the workshops, study visits, etc. can be found on www.rua.se/landscapeanddrivingforces.

Venue

The Meeting of the Workshops will be hold at the Swedish University of Agricultural Sciences which is situated 10 km from Malmö, the capital of the region Skåne in Sweden.

We recommend that the participants stay at hotels in Malmö. Transport to and from the venue will be provided by the organisers – the meeting point for the buses to the Meeting is the Big Square (Stortorget) in Malmö.
Information on the Swedish National Heritage Board and partners

Swedish National Heritage Board
Swedish National Heritage Board is the agency of the Swedish government that is responsible for heritage and historic environment issues. Its mission is to play a proactive, coordinating role in heritage promotion efforts and to ensure that the historic environment is preserved in the most effective possible manner.

One of the Swedish National Heritage Board primary tasks is to empower heritage as a force in the evolution of a democratic, sustainable society. At the core of this is the vision of a heritage that is accessible, useful and vital for people everywhere. The Board works closely with national agencies and organisations, as well as county administrative boards, regional museums and other local groups. The joint effort gathers and disseminates information about heritage and the historic environment, develops new working methods, and identifies innovative ways of exploring the relationship between human beings, their surroundings and society at large.

For more information, check www.raa.se.

Swedish University of Agricultural Sciences
The Swedish University of Agricultural Sciences has the responsibility for the development of learning and expertise in areas concerning biological resources and biological production. There are four faculties: the Faculty of Landscape Planning, Horticulture and Agricultural Science, the Faculty of Natural Resources and Agriculture Sciences, the Faculty of Veterinary Medicine and Animal Science and the Faculty of Forest Sciences. The main campuses are located in Alnarp, Skara, Ultuna and Umeå.

The faculty of Alnarp is working in the field of horticulture, landscape, and agriculture. Its main goal is to develop knowledge about the interaction between man and environment, the working conditions of the green sector and the biology of the senses.

Alnarp is situated in the municipality of Lomma which is part of the regions Skåne and Oresund. Its location offers a multitude of interactions with other universities both concerning education and research.

For more information, check www.slu.se.

Region Skåne
Skåne is located at the southernmost tip of Sweden with Denmark, Germany, Poland and the Baltic States as neighbours across the sea. It is part of the transnational Oresund region and the historical region Skåneland (Terra Scaniae or Scania land).

Skåne is around 130 km long from north to south and covers less than 3% of Sweden’s territory. Approximately 1 200 000 people or 13% of Sweden’s total population lives here. The region is famous for its nature, long beaches, open landscape as well as forests and rocks. The eastern part of Skåne (called Österlen) is known for its many painters and a fantastic nature. Kullen, in western Skåne, is a nature reserve with lots of great sights and walking paths. The trade and industry in Skåne is concentrated in the sectors of life science, food technology, information and communication technology, logistics and film.

For more information, please the map at the end of this document and the website: www.skane.se.

The city of Malmö
Malmö is situated in Skåne and is the third biggest city in Sweden. Here live around 270 000 people who speak 100 languages and belong to more than 160 different nationalities.

Malmö is a former industrial city that has become an international city of knowledge. Its strongest sectors today are logistics, retail and wholesale trade, construction and property. There are also a
number of well-known companies within biotechnology and medical technology, environmental technology, IT and digital media.

Among Malmö’s key points of interest are:
– Turning Torso – situated in the Western Harbour. With its 190 metres it is the tallest building in Sweden. It was designed by the Spanish architect Santiago Calatrava;
– The Western Harbour – Malmö’s new city district with modern architecture, lovely beaches, green spaces and a fabulous view over Oresund Bridge. The buildings are designed by several internationally known architects like Gert Wingårdh, Ralph Erskine and Mario Campi;
– The Stortorget (Big Square) – with the statue of King Karl X Gustav, who took Skåne from the Danes after the Roskilde Treaty of 1658. Stortorget was built in 1536 and was the largest city square in Northern Europe for a very long time;
– Kockska huset – situated on the Stortorget. This red bricks house is one of the best preserved 16th century buildings in Malmö;
– St Peter’s Church – the oldest building in Malmö, dating from the early 14th century. The church was built in “Baltic Brick Gothic” and is very similar to St Mary’s Church in Lübeck. The medieval paintings that covered the church vault were whitewashed during the Reformation in the 16th century, but the original paintings in the Tradesmen’s Chapel were successfully uncovered during a restoration in the early 20th century;
– Lilla Torg (Little Square) – Malmö’s most charming square and one of the most popular meeting places in the city. It was built in 1592 as a market square;
– Kungs parken and Slottsparken (Royal park and Castle’s park) – Malmö’s oldest public park that was opened in 1872 by King Oscar II. It was designed as an English park and has many exotic trees. The restaurant pavilion from 1912 is now a casino. Slottsparken is from the late 19th century. The Pegasus statue in Slottsparken is a work of Carl Milles.

For more information, check the websites: [www.malmo.se](http://www.malmo.se) or [www.malmo.com](http://www.malmo.com).

**The Municipality of Lomma**
The municipality of Lomma is situated in the west of Skåne on the coast of Öresund. In January 2008 its population was about 20 000 inhabitants. The district of Lomma possesses unique prerequisites for a high quality of life. It has been awarded numerous times, for example for having best living conditions and schooling.

The venue of the conference, Swedish University of Agricultural Sciences-Alnarp, is located in Alnarp which is part of the municipality of Lomma.

For more information, check [www.lomma.se](http://www.lomma.se).

**The Federation of Swedish Farmers**
The Federation of Swedish Farmers (LRF) is Sweden’s only interest and business organisation representing those who own or work farm and forest land, and their jointly owned companies in the Swedish agricultural co-operative movement.

For more information, check [www.lrf.se](http://www.lrf.se).

**The Swedish Environmental Protection Agency**
The Swedish Environmental Protection Agency is the national agency for environmental protection and nature conservation as well as outdoor recreation and hunting issues. Its key tasks are to present proposals for environmental policy and legislation to the Swedish Government and ensure that environmental policy decisions are implemented.

For more information, check [www.naturvardsverket.se](http://www.naturvardsverket.se).

**Swedish Road Administration**
The Swedish Road Administration is the national authority assigned the overall responsibility for the entire road transport system. Its task is to co-operate with others in development of an efficient road transport system in the direction stipulated by the Swedish Government and Parliament. The
administration has been commissioned to create a safe, environmentally sound and gender-equal road transport system that contributes to regional development and offers individuals and business community easy accessibility and high transport quality.

For more information, check www.vv.se.

**National Board of Housing, Building and Planning**

The National Board of Housing, Building and Planning is the central government authority for town and country planning, management of land and water resources, building and housing. It monitors the function of the legislative system under the Planning and Building Act and related legislation and proposes regulatory changes if necessary. The Board also provides information to those engaged in spatial planning, housing, construction and building inspection activities.

For more information, check www.boverket.se.

**Swedish Board of Agriculture**

The Swedish Board of Agriculture is the expert authority in the field of agricultural and food policy, as well as the authority responsible for the sectors agriculture and horticulture. Its responsibility therefore includes monitoring, analysing and reporting to the Swedish government on developments in these areas, and implementing policy decisions within its designated field of activities. One major task is the administration of the Common Agricultural Policy (CAP) of the European Union. The Board shall also strive to promote rural development.

For more information, check www.sjv.se.

**Environmental Objectives Council**

The Environmental Objectives Council was established to promote consultation and cooperation in implementing the environmental quality objectives adopted by the Swedish Parliament. It consists of representatives of central government agencies, county administrative boards, local authorities, non-governmental organizations and business sector. The Council is served by a Secretariat based at the Swedish Environmental Protection Agency.

For more information, check www.miljomal.nu.

**Swedish Forest Agency**

The Swedish Forest Agency is the expert authority on forests and forest policy. Its mission is to work for a sustainable utilisation of the Swedish forests, in accordance with the guidelines given by the Parliament and the Government.

For more information, consult www.skogsstyrelsen.se.

**Participants**

The Meeting of the Workshops are addressed to government officials, representatives of local and regional authorities, universities, professionals, governmental and non-governmental organisations working on landscape and sustainable spatial development. The number of participants is limited to 300. The working languages are English and French.

The organisers would like to ask all participants and speakers for their co-operation during the whole meeting in order to ensure that everything runs promptly at the scheduled time.

**Side events**

- Visit to the landscape’s laboratorium, park and experimental garden of the Swedish University of Agricultural Sciences;
- “Maximum Impact” – future scenario experiments;
– Exhibit space during the whole meeting at the Swedish University of Agricultural Sciences – poster presentations, book tables, etc. For exhibit space, please contact Mrs Nataliya HULUSJÖ, E-mail: nataliya.hulusjo@raa.se

Getting there

There is a variety of options to get to Malmö as the city lies at the junction of different international transport corridors (air, sea, motorway and railway). The recommended route is via Copenhagen.

By plane

In addition to the numerous national airlines, there are several low-price airlines that are flying from various European destinations to Copenhagen, Malmö or Gothenburg. Here are mentioned some of the opportunities.

To Copenhagen:
– www.airberlin.com
– www.brusselsairlines.com
– www.norwegian.no
– www.skyeurope.com – via Prague or Vienna

The distance between the airport of Copenhagen and the city of Malmö is 35 km. When you get to the airport of Copenhagen, take the train to the centre of Malmö – there is a train every 20 minutes; the journey takes 22 minutes.

To Malmö:
– www.wizzair.com – via Warsaw, Krakow, Gdansk, Poznan, Wroclaw and Budapest

There is bus from the airport of Malmö to the centre of Malmö; the journey takes 40 minutes.

To Gothenburg:
– www.ryanair.com

Gothenburg is 276 km from Malmö. When you get to the city airport of Gothenburg, take the bus to Nils Ericson Terminal – there is a bus corresponding to each flight; the trip takes 25 minutes. At Nils Ericsson Terminal change to another bus or a train to Malmö – the bus journey takes around 4 hours and the train journey around 3 hours. For more information about travels to Malmö, please check the websites: www.sj.se or www.swebusexpress.se.

By bus

There are several international bus companies that provide trips to Malmö and Copenhagen. Here are mentioned some of the opportunities.
– Säfflebussen, www.safflebussen.se
– Swebus Express, www.swebusexpress.se
– Eurolines, www.eurolines.com

By train

To Malmö:
There is a direct train to Malmö from Berlin. For more information, please check www.berlin-night-express.com.

To Copenhagen:
Several other opportunities to travel to Copenhagen are possible from other towns in Germany. More information can be found on www.bahn.de or www.sj.se.

By car

If you chose to take your car to Malmö, drive to Copenhagen and then take the Oresund Bridge or E20. Please consult also the maps at the end of this document.
Most of the hotels have parking but it is always good to check it in advance.

**By ferry**
You can get to Malmö, Trelleborg or Ystad by ferry from Germany and Poland. For more information, please check:
- Malmö-Travemünde, www.nordoe-link.se
- Trelleborg-Sassnitz/Rostock, www.scandlines.se
- Trelleborg-Travemünde/Rostock, www.ttline.se
- Ystad-Swinoujscie, www.polferries.se

Trelleborg is 34 km from Malmö. If you continue your trip by car, take first road E6 and later E22. Please, consult also the maps at the end of this document.

Ystad is 55 km from Malmö. If you continue your trip by car, take road E65. Please, consult also the maps at the end of this document.

If you want to take the train, please check www.skanetrafiken.se.

The *Bus and Train stations of Malmö* are one minutes walking distance from the centre where most of the accommodation can be found.

**Meals**

Lunches and official dinners on 8 and 9 October will be provided by the organisations hosting the event.

THURSDAY 8 OCTOBER 2009

8.00 – 9.00  **REGISTRATION OF THE PARTICIPANTS**

9.00 – 10.20  **OPENING SESSION**

9.00 – 9.50  **WELCOME SPEECHES**

Mrs Lena ADELSOHN LILJEROTH, Minister for Culture of Sweden

Mrs Maguelonne DEJEANT-PONS, Executive Secretary of the European Landscape Convention, Head of the Cultural Heritage, Landscape and Spatial Planning Division of the Council of Europe,

Mrs Carina OHLSSON, Chair of the Sub-Committee on Sustainable Development of the Parliamentary Assembly of the Council of Europe,

Mrs Inger LINGE, Vice-Chair of the Committee on Sustainable Development of the Congress of Local and Regional Authorities of the Council of Europe

Mr Jean-François SEGUIN, President of the Council of Europe Conference on the European Landscape Convention

Mrs Lena ANDERSSON-EKLUND, Deputy Vice-Chancellor, Swedish University of Agricultural Science

Mr Thomas LANTZ, Vice President of the Regional Assembly, Region Skåne

Mrs Inger LILIEQUIST, Director General, Swedish National Heritage Board

9.50 – 10.20  **KEYNOTE PRESENTATION OF THE MEETING**

The European Landscape Convention: A Close View from a Distance

Mrs Shelley EGOZ, Senior Lecturer, School of Landscape Architecture, Lincoln University, New Zealand

10.20 – 10.50  **COFFEE BREAK**
WORKSHOP 1
CLIMATE CHANGE
AND THE NEW ENERGY PARADIGM OF EUROPE

10.50 – 13.10 hours

Chairs: Mrs Anna-Mary FOLTYN, The Swedish National Board of Housing, Building and Planning
Mrs Maria José FESTAS, Deputy President of the Council of Europe Conference on the European Landscape Convention

OPENING PRESENTATION OF THE SESSION

10.50 – 11.10 Climate change and landscape
Mr Markus ERHARD, Project Manager Environmental Accounting, European Environmental Agency

PRESENTATIONS

11.10 – 11.30 Anticipating landscape policy; driving forces
Mr Bas PEDROLI, Director of UNISCAPE, Alterra, Wageningen UR, The Netherlands

11.30 – 11.50 Climate change – Politics beyond time and space
Mr Erik WESTHOLM, Professor, Swedish Institute for Futures Studies

11.50 – 12.10 Conserving our climate, renewing our landscapes? The emerging research agenda of renewable energy in the European landscape
Mr Dan VANDERHORST, Researcher, University of Birmingham

12.10 – 12.30 From industrial area to solar city
Mr Heinz-Peter SCHMITZ-BORCHERT, Science Park Gelsenkirchen, Germany

12.30 – 13.10 DISCUSSION

Moderators: Mr Søren RASMUSSEN, Representative of Denmark for the European Landscape Convention
Mrs Alexandra KRUSE, Bureau for Landscape and Services, Germany

with the participation of:
- Members of the CDPATEP and of the Council of Europe Conference on the European Landscape Convention
- National Representatives of Ministries
- Regional and Local Representatives
- Representatives of the NGOs, Networks and Training institutions
- Swedish and international Experts

END OF THE SESSION
13.10 – 15.00 **LUNCH** at the Swedish University of Agricultural Sciences

**Host Mr Thomas LANTZ**, Vice President of the Regional Assembly, Region Skåne

---

**WORKSHOP 2**

**THE GLOBALSCAPE**

**15.00 – 18.00 hours**

**Chairs:**
- **Mrs Danica PAVLOVSKA**, Representatives of “the Former Yugoslav Republic of Macedonia” to the European Landscape Convention
- **Mr Tapio HEIKKILA**, Representative of Finland for the European Landscape Convention

**OPENING PRESENTATION OF THE SESSION**

15.00 – 15.20
Landscape, identities and development
**Mr Zoran ROCA**, University Lusófona de Humanidades e Tecnologias of Lisbon, Portugal

**PRESENTATIONS**

15.20 – 15.40
The world system and the earth system
**Mr Alf HORNBORG**, Professor, Department for Human Ecology, University of Lund

15.40 – 16.00
Managing rapid changes
**Mr Dong WEI**, Vice Dean of Southeast University’s Department of Architecture in Nanjing, China

15.00 – 16.30
**COFFEE BREAK**

16.30 – 17.00
Conclusions from the Seminar “Reassessing landscape drivers and the globalist environmental Agenda”
**Mr Kenneth OLWIG**, Professor, Department of Landscape Architecture, Planning and Heritage, SLU Alnarp, coordinator of Nordic Landscape Research Network
**Mr Peter HOWARD**, Professor, Bournemouth University and official for Landscape Research Group

17.00 – 17.20
Starlight Initiative and skyscapes
**Mr Cipriano MARIN**, Coordinator of the Starlight Initiative

17.20 – 18.00
**DISCUSSION**

**Moderators:**
- **Mr Peter STALAND**, Head of Forest Policy Unit, Federation of Swedish Farmers
- **Mr Vyacheslav OLESCENKO**, Member of the Koretsky Institute of State and Law, National Academy of Science of Ukraine
with the participation of:
- Members of the CDPATEP and of the Council of Europe Conference on the European Landscape Convention
- National Representatives of Ministries
- Regional and Local Representatives
- Representatives of the NGOs, Networks and Training institutions
- Swedish and international Experts

END OF THE SESSION

CEREMONY OF THE LANDSCAPE AWARD OF THE COUNCIL OF EUROPE – on the occasion of the official dinner

Presentation of the Award by the Representative of the Secretary General of the Council of Europe

Landscape Award of the Council of Europe 2009
Parc de la Deûle, Lille-Métropole, France

Special Mention of the Landscape Award of the Council of Europe 2009
Parc de Christina Enea, San Sebastian, Spain

20.00 – 23.00 OFFICIAL DINNER at the restaurant “Glasklart”, Dockplatsen 1, Malmö

Toast by Mrs Pia KINHULT, Deputy Governor, Region Skåne
9.00 – 12.10 hours

**Chairs:**

Mrs Mireille DECONINCK, Representative of Belgium for the European Landscape Convention  
Mr Faig SADIGOV, Ministry of Ecology and Natural Resources, Republic of Azerbaijan

9.00 – 9.20

**OPENING PRESENTATION OF THE SESSION**

Landscapes of cities  
Mrs Marta FAJARDO, Former Chair of the International Federation of Landscape Architects (IFLA)

**PRESENTATIONS**

9.20 – 9.40

The heritage of landscape – driving force or counterforce?  
Mr Michael JONES, Professor, Department of Geography, Norwegian University of Science and Technology

9.40 – 10.00

Tourism, leisure and landscape  
Mr Niek HAZENDONK, Representative of the Netherlands to the European Landscape Convention, Ministry of Agriculture, Nature and Food Quality

10.00 – 10.30

**COFFEE BREAK**

10.30 – 10.50

Evolution of rural world and landscape  
Mr Hannes PALANG, Professor of human geography at Tallinn University, Estonia

10.50 – 11.10

Infrascapes – traffic and transports as drivers of landscape change  
Mr Bosse BERGMAN, Researcher at the Swedish Royal Institute of Technology

11.10 – 11.30

A sustainable landscape development – Landscape in Norwegian municipality planning  
Mrs Kari OLRICH SØREBO, Special advisor MNLA, Hordaland County Council

11.30 – 12.10

**DISCUSSION**

**Moderators:**

Mrs Lionella SCASSOZI, Professor at the University of Milano  
Mr Yves LUGINBÜHL, Professor at the University of Paris
with the participation of:
- Members of the CDPATEP and of the Council of Europe Conference on the European Landscape Convention
- National Representatives of Ministries
- Regional and Local Representatives
- Representatives of the NGOs, Networks and Training institutions
- Swedish and international Experts

END OF THE SESSION

12.10 – 12.30 **PRESENTATION** of the Municipality of Lomma

12.30 – 14.00 **LUNCH** at the Swedish University of Agricultural Sciences

**Host Mr Anders BERNGARN**, Chair of the Executive Committee, Municipality of Lomma

---

**WORKSHOP 4**

**LANDSCAPE, PRODUCTION SYSTEMS AND CONSUMPTION PATTERNS**

14.00 – 16.20 hours

**Chairs:**
- Mrs Jasminka CVEJIC, Representatives of Serbia for the European Landscape Convention
- Mr Audun MOFLAG, Representative of Norway to the European Landscape Convention

**OPENING PRESENTATION OF THE SESSION**

14.00 – 14.20 Landscape economics

Mr Walid OUESLATI and Mr Julien SALANIE, European Consortium on Landscape Economics

**PRESENTATIONS**

14.20 – 14.40 Past practices and future energy – Biofuel, traditions and biological diversity

Mr Jan Olof HELLDIN, Researcher, Swedish Biodiversity Centre

14.40 – 15.00 Quality of landscape and sustainable development: a case study

Mrs Erminia SCIACCHITANO and Mrs Alessandra FASSIO, Ministry for Culture Heritage and activities, Representatives of Italy for the European Landscape Convention

15.00 – 15.20 Project Vital landscapes in Central Europe

Mr Burckhardt KOLBMULLER, Director of the SALVE.consult Office for European Projects

15.20 – 15.50 **DISCUSSION**
16.20 – 18.30  **CLOSING SESSION**

*Chairs:*  
Mr Enrico BUERGI, Former Chair of the Council of Europe Conference on the European Landscape Convention  
Mr Mohammed ALAOUI BELRHITI, General Consul of the Kingdom of Morocco

*Moderators:*  
Mr Hugh LLEWELYN, Director, Department for Environment, Food and Rural Affairs, United Kingdom  
Mr Richard STILES, Coordinator of the Landscape Network LE:NOTRE

16.20 – 17.30  **ROUND TABLES**

*Facing the driving forces of landscape change: What is the role of the European landscape convention? (discussion led by moderators)*

Mrs Ruzan ALAVERDYAN, Deputy Minister of Urban Development, Republic of Armenia  
Mr Félix BENITO MARTIN, Professor of Urbanism, High School of Art and Architecture of the European University of Madrid, Spain  
Mrs Anne-Marie CHAVANON, Chair of the Sustainable Territorial Development Committee of the Conference of INGOs of the Council of Europe  
Mr Jeroen DE VRIES, President of the European Council of Landscape Architecture Schools (ECLAS)  
Mr Abdelouahab IDELHADJ, Professor at the University Abdelmalek Essaadi, Rural Tourism and Cultural Heritage, Responsible of the Club Heritage, Development, Citizenship, Sustainable Development, Tanger-Tétouan, Morocco  
Mr Gabor KISS, Representative of Hungary for the European Landscape Convention, Ministry of Environment and Water
